**“SO OUT OF THE GROUND** the Lord God formed every beast of the field and every bird of the air, and brought them to the man to see what he would call them; and whatever the man called every living creature, that was its name.” GENESIS 2:19 This creation story reminds us of two important points. First, since the start, God has put the entire world into our care. Second, stewardship has been around since the beginning of mankind, it isn't something recently invented by the Church. Just as past generations built our Church, it is now our responsibility to continue to nurture and develop these gifts for future generations.

**MARRIAGE MINUTE** – Have you ever heard someone say, in regard to their spouse, “He/she was made for me!?” According to this weekend's readings, men and women really are made for each other. We have strengths that complement each other so that we are stronger together than apart, and that was God's plan from the beginning! Here are some ideas on how to make those differences work for you: • Look for the good in your spouse's approach to things. • Reflect on how his strength, focus, or logic is beneficial to your relationship. • Reflect on how her ability to multi-task, attend to needs, or appreciate beauty benefits you both. When we delight in each other's masculinity or femininity, we become a couple that “no one can separate”!
